Yamaha GO46 Driver Release Note

Yamaha releases the GO46 Driver version 1.0.1 for Windows Vista

■ Notes on use with Windows Vista

· The "Program Compatibility Assistant" dialog box may be shown if installation or uninstallation of GO46 Driver is cancelled before it is complete. If this dialog box is shown, click [Cancel].
· Performing operations on the computer (such as moving the mouse or making changes on the display) during recording or playback may result in noise. During recording and playback, try to avoid making display-related operations.
